

"Please install Yt Plugin" problem YT framework

Posted by Paul - 21 Mar 2012 21:47

Hi, I tried to install yours new free YT Framework template (from www.smartaddons.com/joomla/templates/template-showcase/item/248-yt-framework-web-platform-joomla-template)

but still I get alert "Please install Yt Plugin" - why? What I should install could you add a link for this plugin !

I got this problem too (INSTALL_YT_PLUGIN), when I tried to install yours new free YT news template (from www.smartaddons.com/joomla/templates/template-showcase/item/1-yt-news-free-joomla-magazine-template)

please help me.. :(

i love this design very much :(

I have also the problem, that i see the Message "Please instrall Yt Plugin". I have installed

sj_joomla3_template_j30_v1.0.zip

Yt Plugin(for Yt Framework - joomla3).zip

what can i do?
