Module problem

Hello, I encounter a problem with yt ajax module, I downloaded it several times (because I restored my computer several times) so it makes me blocking the download ... How to telcharger?

thank you

Hi rémi steinmann,

Maybe you downloaded the module more 5 times so you can not download it.

if you want to download the module, you can buy it again.

Please refer to term of use as the following link:

[www.smartaddons.com/terms-of-use](http://www.smartaddons.com/terms-of-use)

Thanks
