

## SJ News Basic

Posted by Steve Brown - 07 Jul 2012 10:15

---

Sorry but I can't find a forum for this, but where do you change the date format in the SJ News Basic module.

The main Joomla lanuague file does not seem to affect it

Thanks

Hi Steve Brown,

Could you tell me about the sj news basics module in detail?

It is in our template or separate module?

Thanks

It's a standalone install in a 3rd template

Thx Steve

Hi Steve Brown,

Please open the default.php file in &quot;your\_site/modules/mod\_sj\_basic\_news/tmpl&quot;, finding:

change to:

You can refer to the type of date at the en-GB.ini file in &quot;your\_site/language/en-GB&quot;.  
Example: DATE\_FORMAT\_LC, DATE\_FORMAT\_LC1, DATE\_FORMAT\_LC2... or other type of date.

Thanks
