

[SOLVED] jQuery version issue

Posted by zohari hari - 26 Jul 2013 13:06

Hi....

This module not function on SJ Worldnews.. this message appear

The Current Version of jQuery:1,5

Please update your jQuery Version to min. 1.7 in Case you wish to use the Revolution Slider Plugin

So.. how to upgrade jQuery > 1.5?

Thanks a lot.

Dear zohari hari,

You can download JQueryEasy plugin, then install in your site, enabled it and configure to load only JQuery, version is 1.7 or 1.8.

Thanks
