---

we are using SJ News templates. In our template home page we are used our extra content-top module. it will dispalyed in home page but if we click the link it is not redirct the page.

Please check our home page content-top module BoxOffice Movies. This is link will not redirect the ariticle page

domain: [www.univez.com](http://www.univez.com)

How to solve this issue?

Hi jey ganesh,

I have just clicked some article links on the content-top module.

It is redirected to the article pages.

Could you explain your issue in detail?

Thanks
